Subteams

Work allocation

Timeline

Summary

Discussion

- ▶ more cumbersome

- ▶ need to learn about Trello

Our team: <https://trello.com/sdpt11>

Should also check these: a, b

- ▶ Workflow:

1. create product & sprint backlogs in Trello
2. add user stories and items like "design an architecture"
3. meet PO for review

Workload: 3 hours of pairwork?

Process Overview

- ▶ involves lots of decisions
- ▶ needs input from all team mates
- ▶ probably takes a lot of time

Workload: 6 hours of pairwork?

Technical Overview

- ▶ With a mate, many things are a lot easier!

It's about balancing team **power** and team **waste**:

$1 + 1 \approx 2.5$ but $8 \text{ min} \times 7 \approx 1 \text{ hour}$
